

**Dose Response Specialty Group, SRA
August 1, 2006 – Meeting Notes**

Present: J. Teeguarden (Chair), S. Henry (Sec’y.-Treas.), R. Kodell (Past Chair), G. Foureman, P. Toccalino (Trustee-at-Large)

Minutes for July teleconference

S. Henry will send out minutes with corrections.

By-Law Changes

In the past, DRSG has decided to change “President” in the By-Laws to “Chair”. IT was decided that eh By-Laws are unclear on how to effect changes, but that a vote of those present at the Business Meeting at the annual meeting seems to be sufficient. This change will therefore be proposed and voted on at the DRSG annual Business Meeting.

Position Openings

Dale Hattis will become Chair in 2007 opening up the position of Chair-Elect; the Secretary-Treasurer position becomes available after a 2-year term. A Trustee-at-Large position also will be open in 2007.

Justin T. discussed the procedures for filling these positions. Names of nominees from the DRSG members must be requested by October 1. A ballot must go out to members by November 1 or thirty days before the annual meeting.

Gary F. will contact Sandy Baird at the State of Massachusetts DER for Chair-Elect. Ralph K. will contact Linda Teuschler, EPA-NCEA, Cincinnati, for Sec.-Treas. Eric Hack at TERA agreed last year to run for a position and could also be contacted. Another name suggested was John Keller. After much discussion, it was decided fill the Chair-Elect and Sec’y.-Treas. positions before filling the Trustee-at-Large opening.

Justin T. reminded everyone of the September teleseminar to be presented by Dr. Rob McPhail of EPA who will speak on insights into interindividual variability from animal data.

Respectfully submitted,
Sara Hale Henry, Ph.D.
