

Minutes for the February 11, 2025 Hazard and Dose-Response Specialty Group (HDRSG)

1. Michael contacted Jill Drupa requesting information regarding:
 - a. The change in membership from last year
 - b. Budgetary information for the HDRSG
 - c. Permission for Iris to update the website
2. Michael prepared a draft list of website changes for Iris when the account is set up. Iris will need assistance from Chase (for webinar information) and Leah (for past meeting minutes).
3. Chase has not received a response from Annabelle regarding speaking at the March webinar. In the interim, Chase will contact Jacob Kvasnicka to see if they would be amenable to speaking at the March webinar on two-stage machine learning-based approaches for predicting points of departure.
4. Chase volunteered to host future webinars.
5. A Google Forms survey was proposed to solicit webinar and symposia ideas. It will be sent to the listserv, and Michael will ask Jill Drupa to distribute it to HDRSG members. If an area from the survey has a lot of interest, a symposium could be built around the topic. Possible questions for the survey include:
 - a. Suggestions for webinar topics or speakers.
 - b. Suggestions for symposia topics or speakers.
 - c. A question regarding whether members would be attending the annual meeting. If yes, a question would be asked regarding whether the member is submitting an abstract. If yes, a question would be asked regarding the subject area of the abstract.
 - d. Field for suggestions on how HDRSG can better serve members' interests and encourage engagement in the group.
